MENTAL HEALTH MATTERS
WHERE DO I GET SUPPORT?

TACKLE EATING DISORDERS

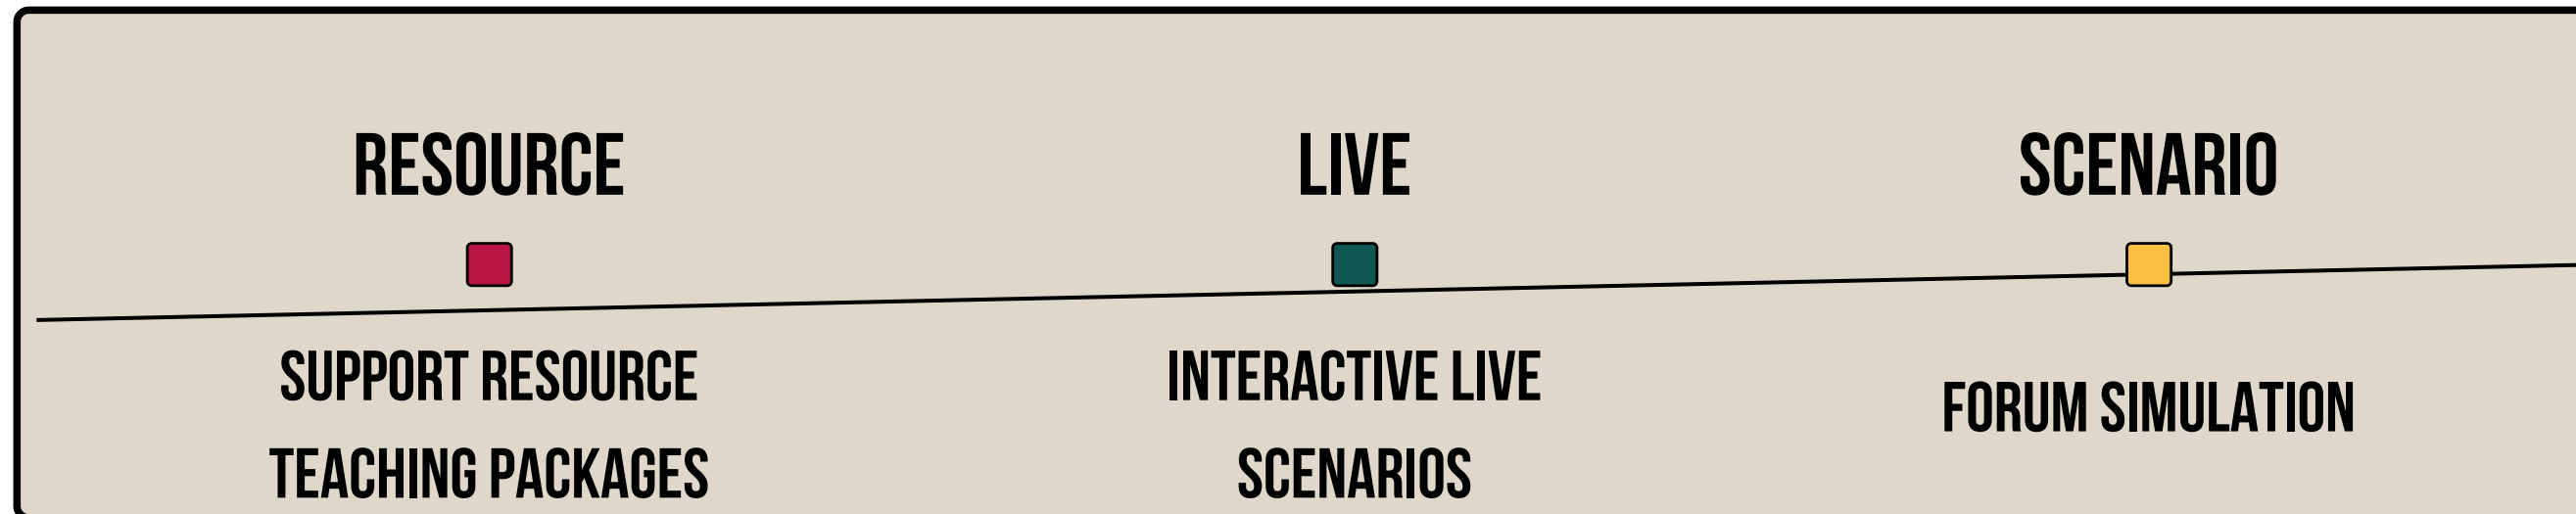

PREOCCUPATION - WARNING SIGNS

FOOD AND MOOD

ADHD - AUTISM

HOW DO YOUNG PEOPLE LEARN? BY EXAMPLE!

FAST TRACK LEARNING AWARENESS

HOW DOES IT WORK?

Short scenes, usually indicating a safeguarding issue, are shown twice. During the replay, any member of the audience can stop the scene and identify the signs when they spot them.

The strategy breaks through the barrier between performers and audience, putting them on an equal footing, providing a platform for discussion and exploration to quickly identify the problems. Simulations stimulate all modalities – visual, audio and kinaesthetic. Participants then act out imaginary scenarios – The 'inappropriate' way – Followed by – 'This is as it should be'
